Her new book, published in 2014 "Endorsed by Earhart" is a well-researched project which encompasses the endorsements Amelia made while alive which financed her flying. It is not another biography. There are over 150 images, color and black/white, in the book to illustrate the various products and services she promoted. Barbara Schultz now has four books in print. The other two are "Pancho: The Biography of Florence Lowe Barnes" and "Wedell-Williams Air Service"
